Part numbers marked with an asterisk (*) are contained in Repair Kits.

NOTE: After the seals are installed, press fit the insert (item #10) into the retainer nut (item #8).

Refer to any operating instructions included with this product for detailed information about operation, testing, disassembly, reassembly, and preventive maintenance.

Items found in this parts list have been carefully tested and selected. **Therefore: Use only genuine Hytec replacement parts!**

Additional questions can be directed to our Technical Services Department.
